Profile

I am a passionate software engineer, constantly seeking opportunities and on a journey of continuous learning, seeking to enhance my skills and contribute to innovative solutions and developing practical applications that not only solve real-world challenges but also exceed client expectations.

Skills

Front-End

HTML5, CSS3, Javascript & ES6,
React JS, Next JS

Back-End

Node JS, Express JS

Database

MongoDB, Mongoose

Experience

Jan 2023 – Jun 2023

React Developer Intern, Virtuosoft [🔗](#)

- Worked with Web Development team to develop Front end, integrated RESTful APIs and needs of clients, utilizing React.
- Worked on a France ERP system named **NEOGIES** as a React frontend developer.

May 2022 – Jun 2022

Front end Developer Intern, Interns Pakistan

- A four-week online program where I have completed tasks in the given deadlines related to multiple Web Development tools and languages like HTML, CSS, Javascript and Bootstrap.

Education

Oct 2020 – Aug 2024

BS Computer Science, NED University of Engineering & Technology [🔗](#)

- Currently in Final Year (8th Semester)

Projects

Product CRUD Web App with JWT Authentication [🔗](#)

- Developed a simple web app designed using React JS (Frontend), MongoDB, Node JS & Express JS (Backend), and Authentication Management using JWT to help users manage products in a database. Users can perform CRUD activities as needed.

Restaurant Food Ordering App, Next.js 13.5 project [🔗](#)

- Developed a Food Ordering Web App, that is built using Next.js 13.5 with TypeScript and Tailwind CSS. Implement authentication using NextAuth/Auth.js and PostgreSQL as the underlying database with Prisma as an ORM, and also uses Docker for PostgreSQL Image.

Koder's Club, Semester Project [🔗](#)

- Developed a Coding Club website using React.js (Frontend), and Node.js with Express.js as backend, Incorporated RESTful APIs & Leveraged MongoDB for efficient data management and storage.

Awards and Certifications

- **Web & Mobile Application Development**, Saylani Mass IT Training Program
- **3rd Position in Logic Hunt in AI Fest 3.0**, Artificial Intelligence Club (NED) - 2022
